PROFESSIONAL SUMMARY

Data Engineer with over 3 years of experience specializing in enterprise-scale cloud migrations, ETL pipeline development, and **EDW modernization** on the Google Cloud Platform (GCP). Proven track record of architecting production-grade pipelines using **Apache Airflow**, building scalable **Data Vault models**, and optimizing complex SQL transformations—notably reducing runtimes from **12+ hours to under 10 minutes**. Combines a rigorous academic background in engineering from **NIT Durgapur** with advanced technical competencies in **Python, PySpark, and BigQuery** to deliver high-impact data solutions across the healthcare, insurance, and finance sectors.

FULL CAREER & INTERNSHIP EXPERIENCE

Quantiphi Analytics Solutions Pvt Ltd. | **Mumbai, Maharashtra** *Framework Engineer – Data Engineer* | **Jan 2024 – Present**

- **Spearheaded** a team of data engineers, managing task allocation, code reviews, and technical bottleneck resolution to ensure parallel development of multiple data models.
- **Architected** end-to-end ETL/ELT pipelines to migrate 1,300+ enterprise tables from legacy systems (Teradata, Mainframe/COBOL, Exasol, Snowflake) to **Google BigQuery**.
- **Engineered** scalable **Data Vault (Raw, Business, and Gold layers)** models using **dbt**, delivering 200+ business views and 400+ Tableau reports for enterprise-level visual analysis.
- **Optimized** high-compute SQL scripts, achieving a performance increase of over 98% by reducing query runtimes from **12+ hours to <10 minutes**.
- **Developed** automated orchestration workflows using **Apache Airflow (Cloud Composer)**, implementing custom alerting and monitoring mechanisms that improved **SLA compliance**.
- **Modernized** legacy insurance platforms by converting complex **COBOL programs and LUA scripts** into optimized BigQuery SQL, migrating billions of records with **100% reconciliation accuracy**.

- **Implemented** distributed data processing jobs using **PySpark on Dataproc Serverless**, reducing manual intervention and lowering execution costs by 25%.

VMax e-Solutions India Pvt. Ltd. | **Hyderabad, India** *Software Engineer* | **Sep 2023 – Present**

- **Architected** robust backend APIs using **.NET Core 8.0**, adhering to **SOLID and MVC** principles to ensure high maintainability and system extensibility.
- **Developed** a seamless user experience in a **Blazor WebAssembly** project by collaborating on reusable UI components and multi-page interfaces.
- **Executed** bi-directional rendering of **React components** within the Blazor framework, enhancing interoperability between frontend technologies.
- **Spearheaded** the **IIISLA Project**, expected to reduce insurance claims turnaround time by **90%** for millions of users.

Quantiphi Analytics Solutions Pvt Ltd. | **Remote/Hybrid** *Data Engineer Intern* | **Jan 2023 – Jan 2024** *(Note: Some documents list start as Mar/Apr 2023)*

- **Engineered** end-to-end data migration pipelines using **Informatica Intelligent Cloud Services (IICS)** to move enterprise datasets from **Snowflake to BigQuery**.
- **Automated** data transfers by developing Python-based ETL scripts and **Google Cloud Functions**, processing over **1,000,000 rows** of diverse data files.
- **Validated** production readiness of migrated data through rigorous SQL reconciliation and functional testing across Dev and QA environments.
- **Built** Tableau dashboards and analytical reports to provide stakeholders with post-migration business insights.

Mudrika Finance Pvt Ltd. | **Remote** *Full Stack Developer Intern* | **May 2022 – July 2022**

- **Redesigned 70%** of the user dashboard UI, utilizing **React Native** to create responsive mobile application screens and enhance overall user experience.
- **Developed** a suite of backend APIs in **Node.js and PHP** for secure user-data processing, integrating **JWT tokens** for authentication and authorization.
- **Modeled** a relational database in **MySQL** to store processed user data, creating fact tables and dependencies for downstream analytics.

Dr. Reddy's Laboratories Pvt Ltd. | **Hyderabad, Telangana** *Backend Developer Intern* | **July 2021 – Nov 2021**

- **Developed** a high-performance web application to display and analyze **millions of records** fetched reactively from a Node server.
- **Reduced cloud compute costs** by implementing temporary **cache storage** and local browser storage for frequently queried data from **BigQuery**.
- **Enhanced** application functionality with advanced features including column filtering, pagination, search bars, and session-state management.

COMPLETE EDUCATIONAL BACKGROUND

BITS Pilani | **Work Integrated Learning Programmes (WILP)** *M.Tech in Artificial Intelligence & Machine Learning* | **July 2026 – June 2028 (Anticipated)**

National Institute of Technology (NIT) Durgapur | **Durgapur, West Bengal** *B.Tech in Metallurgical and Materials Engineering* | **July 2019 – June 2023**

- **Grade:** 7.87/10 CGPA *(Note: 8.12/10 reported for first 6 semesters)*
- **Academic Project:** Undergraduate Thesis on **Extract-Transform-Load (ETL)**, analyzing modern automation in cloud data migration and legacy system transformation.
- **Honors:** Recognized for exceptional aptitude in analytical thinking and adaptability across disciplines.

Sri Chaitanya Junior College | **Hyderabad, Telangana** *Intermediate (Class 12) – TSBIE Board* | **Mar 2017 – May 2019**

- **Grade:** 93.7% (937/1000)
- **Subjects:** Mathematics, Physics, Chemistry

D.A.V Public School | **[Insert City, State]** *Secondary School (Class 10) – CBSE Board* | **Graduated 2017**

- **Grade:** 9.8/10 CGPA (93.1%)

POSITIONS OF RESPONSIBILITY & LEADERSHIP

Head – Entrepreneurship Cell (E-Cell) | **Centre for Cognitive Activities (CCA), NIT Durgapur** *April 2022 – May 2023*

- **Spearheaded** a cross-functional team of **50+ members** to foster an entrepreneurial culture on campus.
- **Mentored 500+ students**, conducting high-impact webinars, B-Plan competitions, case-study workshops, and parliamentary debates.
- **Served** as **Fest Secretary** for **Aarohan 2022**, the institute's annual Techno-Management fest.

Senior Fest Coordinator | **Aarohan Fest, NIT Durgapur** *2020 – 2021*

- **Managed** a team of 150+ peers under **Team Aavishkar** to deliver large-scale events and seminars.
- **Raised funds** for NGOs through coordinated sponsorship drives and promoted the campus entrepreneurship culture.

Additional Leadership Roles:

- **Sponsorship Head**, Darpan NIT Durgapur: Secured funding for club cultural activities and language promotion events.
- **Junior Fest Coordinator**, Aarohan 2020: Contributed to the planning and execution of the annual fest.
- **Volunteer**, Aarohan 2019: Assisted in on-ground event management and logistics.

PROJECTS & CASE STUDIES

Claims Automation Platform (Freelance/IIISLA)

- **Description:** A robust system designed to automate insurance claims workflows.
- **Tools:** ASP.NET Core 8.0, MSSQL, Blazor, Entity Framework, MVC.
- **Outcome:** Reduced average processing turnaround duration by **90%**.

Enterprise Data Platform Modernization (Equinix)

- **Description:** Migrating diverse enterprise sources into a unified cloud warehouse.
- **Tools:** GCP, BigQuery, dbt, Data Vault, Tableau.
- **Outcome:** Successfully migrated 1,300+ tables and delivered 400+ Tableau reports.

Career Choice Questionnaire (Freelance/Yancha)

- **Description:** A full-stack application providing career guidance based on the **RAPD model** (Resource utilization, Attitude, Personality, and Decision making).
- **Tools:** Vue.js, Flask, MySQL, Session Storage.
- **Outcome:** Implemented dynamic question generation, user state management, and automated report generation.

Story of Life Simulation (Yancha)

- **Description:** A web-based simulation that generates insightful reports based on user life choices.
- **Tools:** Vue3JS, Session Storage.
- **Outcome:** Developed a dashboard tracking user decisions to create a final analytical report.

Codeial

- **Description:** A social profile-building website with integrated authentication.
- **Tools:** ReactJS, NodeJS, Express, MongoDB.
- **Outcome:** Implemented secure login/logout and cookie-based user data storage.

CERTIFICATIONS, LICENSES & TRAINING

- **Google Cloud Certified – Professional Data Engineer** | Google Cloud | Dec 2024 | ID: 27b328d7cad04a7cad547c3997276c84
- **Google Cloud Certified – Associate Cloud Engineer** | Google Cloud | May 2023 | ID: 5356308cf4bb441abd9028cf46bcf3c5
- **Oracle Cloud Infrastructure 2023 AI Certified Foundations Associate** | Oracle University | Nov 2023 | ID: 100417117OCI23AIFCA
- **Oracle Cloud Infrastructure 2023 Certified Foundations Associate** | Oracle University | Nov 2023 | ID: 100417117OCIF2023CA
- **Foundational C# with Microsoft** | FreeCodeCamp | Sep 2023 | Link
- **Generative AI for Developers (Multiple Badges)** | Google Cloud | Feb – Sep 2024
- **Mastering Google Dataform: Beginner to Pro** | Udemy | Sep 2025 | ID: UC-f3253392-49fa-4350-9a70-2e767628864a
- **Data Structures and Algorithms in Python** | Coding Ninjas / Udemy | Dec 2021 | ID: UC-cc3d38d1-a8b8-4e94-8fb4-2c326868d924
- **The Complete SQL Bootcamp** | Udemy | April 2023 | ID: UC-249ee538-8ea8-441f-a882-de4b1206816e
- **Back End Development Certified** | Coding Ninjas | 2023

COMPREHENSIVE SKILLS INVENTORY

- **Cloud & Big Data:** Google Cloud Platform (BigQuery, Cloud Storage, Cloud Composer, Cloud Run, Dataproc, Dataflow), Snowflake.
- **Data Engineering:** ETL/ELT, Data Modeling (Data Vault, Fact/Dimension), Data Migration, dbt, Apache Airflow, PySpark, Data Validation/Quality, EDW Modernization.
- **Programming Languages:** Python (Pandas), SQL, C, C++, C#, Java, JavaScript, PHP, COBOL (Legacy), LUA.
- **Frameworks & Libraries:** ReactJS, React Native, Vue3JS, Node.js, ExpressJS, Flask, ASP.NET Core, Blazor, MVC, Entity Framework.
- **DevOps & Tools:** Git/GitHub, GitHub Actions, Bitbucket, CI/CD, Tableau, Informatica IICS, MS SQL Server, MySQL, MongoDB, Firebase.
- **Domain Knowledge:** Healthcare Data Systems, Insurance Claims Automation, Finance/Banking Data Migration, Data Center Analytics.
- **Soft Skills & Leadership:** Team Leadership (managed 50+ members), Strategic Planning, Technical Mentorship, Stakeholder Management, Agile Methodologies.

HONORS, AWARDS & EXTRACURRICULAR ACHIEVEMENTS

- **Coding Achievements:** Solved **500+ coding problems**; achieved **3-Star** rating on CodeChef with a highest rating of **1721**.
- **Open Source Contribution:** Contributed well-documented solutions for DSA and C++ to the **Girlscript Winter of Contribution (GWOC'21)**.
- **Academic Excellence:** Scored exceptionally well in theoretical and laboratory metallurgical courses at NIT Durgapur.
- **Languages:** Proficient in English, Hindi, and Telugu.
- **Hobbies:** Coding, Chess, Anime, Reading.
